

Is Your Audiologist a Race Car Driver?

It's all or nothing when Dr. Stephen Hart, Au.D. takes on a challenge. When he took up biking, he committed to a 100 mile charity ride. Next, he started running with a group from the Metro Center YMCA and soon completed a marathon, again for a charity.

This September, Dr. Hart will embark on a 1500km trek around the island of Newfoundland when he competes in the World Class Targa Newfoundland September 13–18, 2015 with his lifelong friend, Tom Megan. The two will race in Megan's 1963 Porsche 356SC.

But it's not all about the Race. Dr. Stephen Hart will be racing to raise money for Bethany House, a shelter for homeless women and children in Rochester, N.Y.

Bethany House does not expect payment from the people it serves or receive funding from social services. All of their funding is through donations. "Donors like Steve and Meg Hart are the heart and soul of Bethany House. Their commitment and generosity help sustain our mission." says Donna Ecker, Executive Director of Bethany House. Bethany House also operates a clothing room, a drop-in center and an emergency food cupboard.

Come September, people can follow Dr. Hart's race online at www.facebook.com/HartHearingCenters. Steve will be posting video from the driver's vantage point with a GoPro Camera along with daily updates.

To support Bethany House, tax deductible donations can be sent c/o Hart Hearing Centers 468 Titus Avenue, Rochester N.Y. 14617. Checks should be made payable to Bethany House.

"Targa Newfoundland gives me the opportunity to do something I love (road race) and also bring much needed attention to this organization. My wife Meg and I feel strongly about helping those less fortunate and supporting women as they get back on their feet." says Dr. Hart.
